U-49,362/DS-6C3

16 DEC 1975

MEMORANDUM FOR THE CHAIRMAN, SECURITY COMMITTEE, UNITED STATES
INTELLIGENCE BOARD

SUBJECT: DCID 1/7, ORCON Control Marking

Reference: D/DCI/IC memorandum, 13 November 1975, subject as above.

1. In accordance with the recommendations of subject memorandum DIA has sampled the use of the ORCON marking on incoming information. This was accomplished by reviewing that material which was actually used in the DIA Defense Intelligence Notices during the 15 November - 15 December 1975 time frame.
2. The review results indicated that the use of ORCON by members other than CIA has virtually ended. Of 347 DIN's in the above time frame, 47 were marked ORCON. Of this 47 one was attributable to DIA, one to State Department, 42 to CIA and three were not definitely attributable without further investigation.
3. To reduce further proliferation of this marking DIA is disseminating the enclosed memorandum to insure every reasonable effort is made to avoid the necessity of carrying forward this highly restrictive marking.

1 Enclosure a/s

RICHARD L. CARY
Colonel, USA
DIA Member, Security Committee

DIA review(s) completed.
